1. Notes:

- The DECLARE Section
 - is used to declare shared variables
 - **Syntax:**
EXEC SQL BEGIN DECLARE SECTION;
... // Variable declarations in any language
EXEC SQL END DECLARE SECTION;

Example:

```
1 EXEC SQL BEGIN DECLARE SECTION;  
2     char studioName[50], studioAddr[256]; // <- c variables  
3     char SQLSTATE[6];  
4 EXEC SQL END DECLARE SECTION;  
5
```
