

CSC343 Worksheet 4 Solution

June 17, 2020

$(1), (6, 4, 16), (7, 9, 16)$
 $, 4), (4, 3), (1, 1), (4, 3)$

a) **Notes:**

- $\tau_L(R)$ sorts tuples in order indicated by L .
 - e.g.

$\tau_{C,B}(R)$ in $R(A, B, C)$ orders the tuples of R by their values of C , and tuples with the same C -value are ordered by their B value.
