

CSC343 Worksheet 9

June 26, 2020

1. Since there is no schema to design in the semistructured-data model, we cannot ask you design schemas to describe different situations. Rather, in the following exercises we shall ask you to suggest how particular data might be organized to reflect certain facts.
 - a) Add to Fig. 1 the facts that *Star Wars* was directed by George Lucas and produced by Gary Kurtz
