

# CSC148 Worksheet 1 Solution

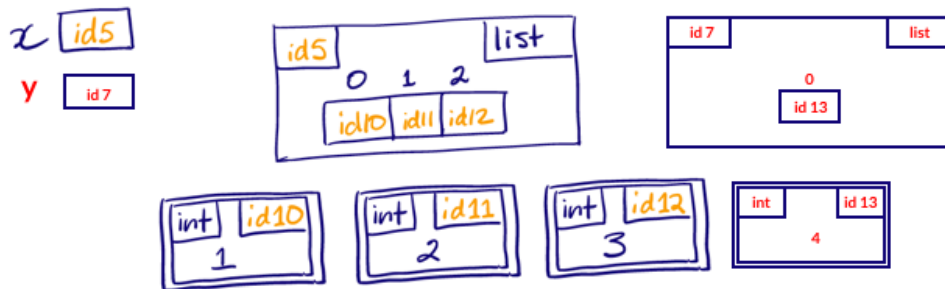

Hyungmo Gu

April 10, 2020

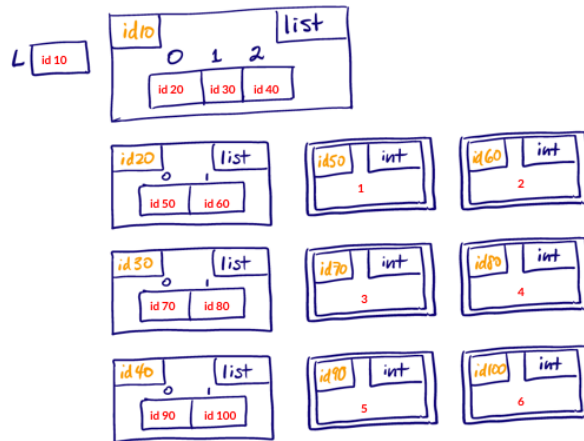

## Question 1

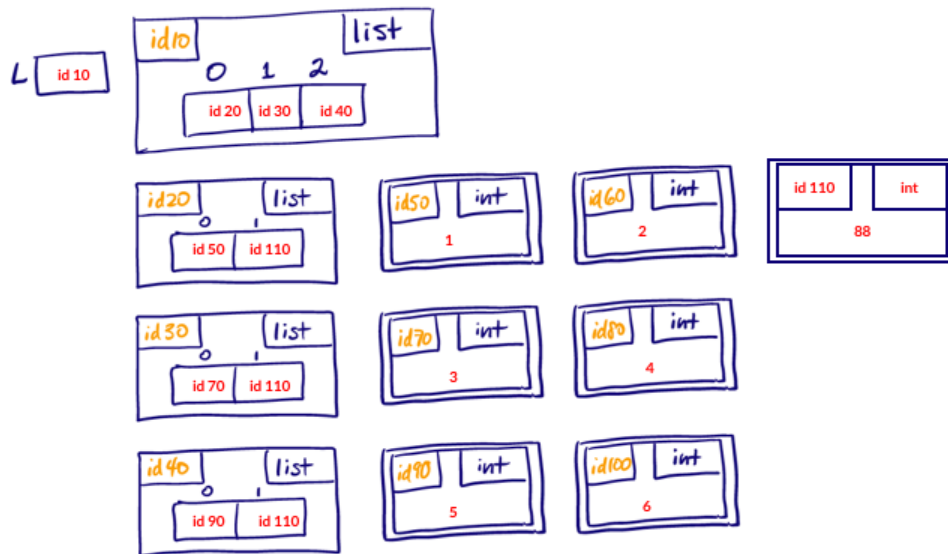

### Correct Solution:

## Question 2

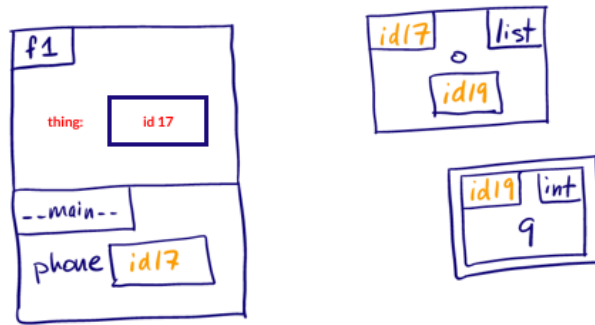

### Attempt 2:

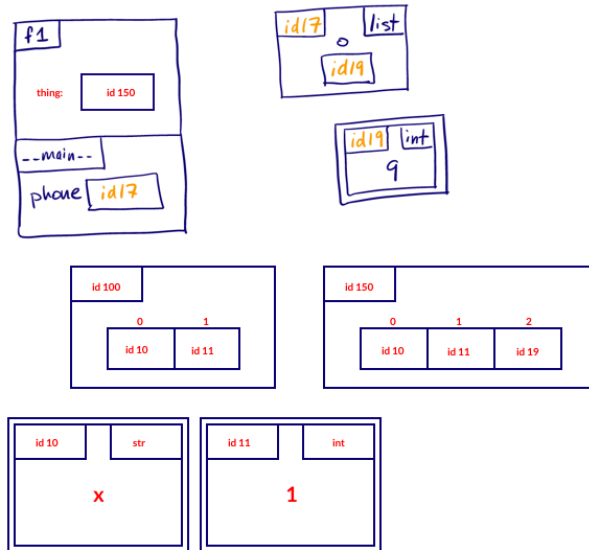

### Notes:

- In solution, the id allocated in 'id 5', but elements in list are stored in id far higher than that (i.e id 50, id 60). Is there a rule behind where the value gets stored?

## Question 3

### Attempt 2:

## Question 4
